

FOR IMMEDIATE RELEASE

Word's out! You've been VERY GOOD this year. Don't think we haven't noticed. In fact, we have a wonderful present-ation, just for you! With glee, _____ proudly presents California Guitar Trio's Holiday show!

Paul Richards (Los Angeles), Bert Lams (Belgium) and Hideyo Moriya (Tokyo), three wise men (from distant lands) with guitars, are gassing up the reindeer for their first North American Holiday Tour!

The Trio kicks off a year of festivities, in celebration of 25 Years of their genre-busting partnership, with this magical seasonal offering. Masters of classical compositions and classic rock, surf guitar and sonic experimentation, California Guitar Trio trims your tree with holiday standards from around the world- timeless, as 'Silent Night', and timely, as John and Yoko's 'Happy Xmas (War is Over)'. Unwrap a poignant, passionate rendition of 'Greensleeves', and a hypnotic 'Carol of the Bells' which is a favorite on Pandora Radio's Holiday Music station.

Of course, the show features CGT's captivating storytelling and wit, interwoven with intricate, unexpected arrangements, the hallmarks of this instrumental super-group, whose music once awakened the astronauts on the space shuttle Endeavor.

Fans can expect favorites from California Guitar Trios' beloved repertoire, as well as an "altogether warmhearted reckoning of Christmas carols and other pleasantries" (iTunes), with selections from their release, "A Christmas Album". The recording has racked up an astounding 30 million plays on Pandora, with nearly five million in 2016 alone!

Forget the shopping and holiday stress, gather with family, friends and your community, for some comfort and joy, with a show yule always remember! Join us on _____, at _ PM, at _____ . You can get your tickets at _____ or by calling _____.
